AIR MEET HERE WILL ATTRACT 50,000 GUESTS

Big Dedication Ceremony of Local Airfield to be Held During Two Day Festival

100 PLANES TO TAKE PART
Every Feat Known to Flying Will Be Demonstrated, All Kinds Of Contests Arranged

Preliminary arrangements for the mammoth Air Meet to be held in conjunction with the dedication of the Richmond Municipal Air Port June 27 and 28, are making headway at the office of the Richmond Chamber of Commerce.

Arrangements are being made for the entertainment of from 25,000 to 50,000 patrons that are expected to attend the celebration on the two days. The dates have been set for June 27-28. These two days follow immediately after the district convention of the Veterans of Foreign Wars, which will be held here June 25, 26, and 27.

Colonel F. P. Latham, air officer of the 9th Corps Area will send three squadrons to the meet. It is expected that a number of ships will be sent from the naval field at San Diego. A large number of commercial planes will also be on the field. It is expected that no less than 100 planes will be on the field, representing practically every type of ship used today.

TO STAGE SHAM BATTLE

Every feat known to flying today will be demonstrated at the meet. A large sham battle will conclude the meet on the afternoon of June 28. Artillery and infantry national guard units of Oakland and Berkeley will participate in this battle as well as large bombing planes. An artillery barrage assisted by planes laying a smoke screen, followed by the advancing infantry will give a realistic effect to the battle.

On Saturday afternoon the field will be officially dedicated by a well known national figure, whose name will be announced later. Officials of various cities in the vicinity of Richmond, have already expressed their desire to attend the meet.

An extensive program of contests including an airplane race, dead stick landings, balloon snipping, formation flying, handicap race from Sacramento, as well as other fields are included among the many events that will be staged. No effort is being spared by the committee to make the meet one of the biggest and best that has ever been staged on the Pacific Coast.

Building Permits Issued Yesterday

Dr. W. M. Bullock obtained a permit yesterday from Building Inspector E. E. Graw to remodel the brick building on Macdonald between Eleventh and Twelfth streets. The cost will be \$2000 and P. M. Sanford will be the contractor.

A permit was also issued to Gust Allyn to construct a private garage on Idaho street between Richmond and Buena Vista at a cost of \$300. Minnie Shadaker will erect a \$75 frame garage on San Pablo between Barrett and Roosevelt.

LEAVES FOR OHIO

Anita Fon Cannon, who resides in Sixteenth street, left yesterday for an extended visit to Tiffon, Ohio. She will return to her home here after several months.

The big American Marimbaphones, which have become exceedingly popular with the musical public, are featured by Leake's Orchestral Entertainers appearing on the Chautauqua program this season. Other instruments used by this extraordinary organization of musical entertainers include piano, violin, soprano, cornet, xylophone, and drums of every variety, all augmented by vocal numbers, and the inimitable whistling and polyphonal numbers of H. J. Leake, leader.

The Leake Orchestral Entertainers appeared daily to an audience of 12,000 to 18,000 tourists at St. Petersburg, Fla., during their recent engagement there. Mr. Leake being song director of the Rotary Club and other members appearing with various hotel orchestras during the same season. Mr. Leake has also been on the Keith Vandeville circuit and with the Al G. Field's Minstrels, being featured as a xylophone artist and eccentric drummer. Artistry is not sacrificed for novelty in the program of this organization, but pep and stirring action predominate throughout, balanced by a happy combination of personality and musicianship. Four star entertainers make up the personnel of the orchestra, including Beth Woodward-Leake, whose singing is a distinct favorite feature of each program.

HALL STARTS LEGAL FIGHT AT CHAUTAUQUA

(By Universal Service)

SACRAMENTO, Cal., May 21.—Shackled to Police Captain Max Fisher, Floyd Hall, the escaped San Quentin murderer, was today brought into the superior court for an initial appearance in his proposed legal fight to himself from the gallows.

Submission of a valid warrant charging Hall with the murder of Harry J. Litzberg caused Judge John F. Pullen to dismiss a plea by the bandit's attorney, Ray Coughlin, to have his client released from jail immediately on habeas corpus proceedings and returned to San Quentin.

Coughlin declared he will demand a preliminary hearing for Hall in the Police court tomorrow, but district attorney J. J. Henderson announced the entire case, covering all the exploits of Hall and his "Pal," Joe Tanco, will be submitted to the grand jury.

SACRAMENTO, May 21. (Special) Governor Richardson brands new gasoline tax bill a "pretty mess of bungling."

IDEAL weather conditions prevailed when the two planes hopped off.

Previous messages told of the plans laid by Captain Amundsen to start his dash for the North Pole at 3 o'clock, making a trial flight along the coast to the islands and Amsterdam island. If the flight during the first hour was favorable and the weather promised to continue satisfactory, the explorer announced that his plane and the plane piloted by the American explorer Lincoln Ellsworth, would continue on the 800 mile journey, expecting to reach the North Pole in about eight hours of flying.

MAY CONTINUE ALONE.

Captain Amundsen as a last thought instructed the pilot of the other plane to continue the journey alone if they lost track of each other.

The explorers have been at Spitzbergen since April 14, when the Norwegian navy transport Farm deposited them at King's bay. The Farm and the transport Hobby reached the north coast of Spitzbergen on May 7 and for several days patrolled the cost line in search of the most suitable starting point for the polar flight. They finally decided upon the south channel between Lanes Island and the Spitzbergen mainland, where the conditions were found fairly favorable with a long stretch of sheltered opened water.

Amundsen expects within the next few hours to land his machine at the pole, but in any case will descend within a radius of forty miles. Sun observations will then determine their exact position and the North Pole will be reached within a half hour.

Backache Flush the Kidneys

When you feel an ache in the region of the kidneys, this is the time to do.

Flush the kidneys by drinking lots of water. The kidneys need cleansing as much as the bowels.

Drink the first glass upon rising. Add a little Jad Salts. Then you have a sparkling drink, tart and tasty.

Watch how quickly the kidneys become active, also the bowels. One cup brings results.

People don't realize how kidneys clog. How poisons are kept in the system. They deal with clogged bowels but not with clogged kidneys. That is a vast mistake.

Jad Salts activates both. They do it in a harmless, pleasant and efficient way. The results come in one hour.

Jad Salts is made from the acids of lemon and grape juice combined with lithia—just what the kidneys need.

Don't think that each backache means kidney disease. Or frequent urination. Or scant and highly colored urine. Flush the clogged kidneys and watch the results. Just as you flush the bowels when poisons accumulate. Jad Salts does both.

Try this pleasant, quick, efficient method. Nine times in ten you will find the trouble ended.

Our Hotel will be thoroughly modern in design and equipment. It will embody all of the features demanded by the traveling public of today in a first class fire proof hotel. It will have the advantage of being in a chain of hotels, which will advertise Richmond's institution far and wide. It will also have the advantage of 400 or more stockholders who, in addition to receiving 7 per cent. on the cumulative preferred stock when earned, will also receive as rental one-half of the net profits from the operation of the hotel, in the form of dividends on the Common Stock. This feature will make 400 boosters who are on the alert directing travelers to our Hotel and making known the accommodations which are to be had here.

In order to assure the financing of Richmond's Hotel, it has been determined to arrange liberal terms of payment. This will make the purchase of stock within the reach of all. The terms decided upon are as follows:

Twenty percent (20%) thereof in cash on or before June 15, 1925.

Ten Percent (10%) thereof July 15, 1925. Ten Percent (10%) thereof Nov. 15, 1925.

Ten Percent (10%) thereof Aug. 15, 1925. Ten Percent (10%) thereof Dec. 15, 1925.

Ten Percent (10%) thereof Sept. 15, 1925. Ten Percent (10%) thereof Jan. 15, 1926.

Ten Percent (10%) thereof Oct. 15, 1925. Ten Percent (10%) thereof Feb. 15, 1926.

Field Meet Today At Peres Grounds

The elementary schools of Richmond will close today at noon so that the children may witness the field meet this afternoon at Peres playgrounds between the fifth and sixth grades of the schools.

The Rotary club banners will be awarded to the best parades in the parade from Thirteenth street to the playgrounds by way of Macdonald avenue at 1:15 o'clock.

Fairmont, Stone, Grand, Lincoln,

Nystrom, Peres and Washington

schools will participate and the event

will be supervised by W. L. Seawright, G. D. Miner, and Miss Ruth Heshel, physical director of the

schools.

By virtue of their effort of the

Presbyterians in two straight games

15 to 5 and 16 to 13, the Y. M. C. A. collected second best night the Wesleys jumped into the first division for the first time in these many long months. Moreover the Presbyterians dropped to the top of the second division, while the Baptists being walloped 15 to 1 and 15 to 1 by the St. Edmunds team, are also in the second division.

Only the Wanderers, the Y. M. C. A. and the Christians have a chance to win the league this year. If the Wanderers win they are the victors as they have a half a game lead over the nearest competitors. They should have no difficulty in coming out ahead on Saturday evening as they play the lovely Luthers, who have agreed the cedar in conjunction with the St. Edmunds during the entire season.

Questions Regarding Investments

THERE are many questions regarding the making of investments which our Investment Department answers for the shareholders.

The best interests of our shareholders are also our interests. Often we can be of distinct service in ascertaining facts for them, in rendering advice and in helping them properly conserve their funds and securities.

Service of this kind was not contemplated when we adopted the customer ownership policy, but so many of our shareholders came to us for assistance that we have made it a part of the regular work of the Investment Department.

We realize, of course, the degree of confidence which prompts the seeking of such advice, and we employ the greatest of care in responding to all requests for information, irrespective of the subjects or questions involved.

Every new shareholder added to our big family is another evidence of confidence in our organization and its ability to provide services indispensable to community growth and prosperity.

Please feel free to use the services of our Investment Department, and at the same time give us the benefit of your suggestions towards making our work satisfactory to the public.

RICHMOND KIWANIS CLUB TO MEET WITH COMMUNITY HOTEL ORGANIZATION AT LUNCHEON

The Richmond Kiwanis Club has unanimously voted to meet with the Community Hotel campaign organization on its meeting date, Wednesday, June 3rd, which falls in the stock sales week according to an announcement made by Hall W. Sanders, president of the club. During the week of the campaign there will be a luncheon, at Memorial Hall every day at which time each group will meet at their table and give their reports. The Kiwanis Club will meet with the campaign organization in a joint meeting and a special table will be arranged for the Kiwanians not on the campaign organization.

Chairman H. A. Johnston commended the Kiwanis Club on their action. "The Kiwanis Club," said Mr. Johnston, "have shown that they are an organization whose purpose is service to Richmond and that they are willing to cooperate to the fullest in any program for the betterment of our city."

Everything in the way of detailed preparations are being perfected and widespread interest is daily being shown in the campaign.

Larkin J. Younce, a member of the executive committee of Richmond's Community Hotel, and general sales manager, who is heading an organization of one hundred twenty-five of the business and professional men of Richmond, has decided opinions upon the question of a modern, attractive hotel for Richmond. "Not very many people," said Mr. Younce, "realize how important is the part played by the modern hotel in acquainting the outside world with the activities and personality of a city."

"Hotels are very often the only hosts through which a visitor becomes acquainted with a city. As such, a hotel becomes almost a living personality. Telling the guests by impressions and through direct information about the kind of people who live in the city; about the courtesy and aggressiveness and the hand-

claps which they extended to the worthy outsider. Everyone has had this experience of knowing how certain we are to form our opinions of an entire city through the hotel at which we stop."

The modern hotel is in distinct contrast with the old hotels of yesterday with their dark halls, rooms and unattractive lobbies. Our new community hotel will sell the idea of our cordiality, thrift, industries and truly play the best to the city's visitors. This kind of a hotel is the one being planned for Richmond. The policy of our hotel will be not only to please the visitors to Richmond, but also to afford a great community center for all the activities of our city. This will meet with the full approval of the progressive citizens of Richmond who will invest in stock in Richmond's new hotel. Richmond is now taking steps to welcome our guests in the way that every loyal citizen desires.

"Richmond must have this new community hotel before we can continue to tell the world what it is missing by not coming to Richmond. This hotel is Richmond's job as well as her opportunity. The way in which we rally to this undertaking will not only determine the success of Richmond's hotel project, but will tell the world that Richmond is a success. She can do big things. She is doing big things. Richmond will have her new attractive community hotel."

"The new community hotel's interests will be taken up today at the meeting of the Richmond Rotary club with a program arranged by H. A. Johnston, past president of the club. The members are anticipating an interesting and profitable session.

Show Me The Manner

In which a Nation or Community cares for its dead, and I will measure with mathematical exactness the tender sympathies of its people, their respect for the Laws of the Land, and their Loyalty to high ideals.

badly bungled as to be unconstitutional.

"5. If pork barrel amendments are valid, then all gas money would be frozen and all work stopped until next session of the legislature.

"6. To permit a referendum of this unconstitutional and bungled bill would be futile and expensive."

The Attorney General in his opinion to the governor says:

"If approved, the bill would become effective not earlier than July 24, 1925, and not later than July 28, 1925, by reason of section 1 of article IV of the state constitution which provides, with certain exceptions not here applicable, that:

"No act passed by the legislature shall go into effect until 90 days after the final adjournment of the session of the legislature which passed such act."

and section 323 of the Political Code, which declares that

"Every statute, unless a different time is prescribed therein, takes effect on the sixtieth day after its passage."

TWO MONTHS WITHOUT TAX

"The date of the passage of an act within the contemplation of that code section is the date of the approval of the act by the Governor. Upon the taking effect of the bill, the provision in section 3 of the amended act imposing a tax of two cents per gallon upon distributors of motor vehicles fuel would cease to exist, because section 3 of the bill substitutes a tax of three cents for the present tax of two cents per gallon and provides that the three cent tax shall not be payable until September 30, 1925. In consequence, if the bill is approved, there will be a period of approximately two months during which time no tax will be payable.

"If the last three paragraphs of the bill dealt exclusively with the state highway maintenance fund and the state highway construction fund created by the bill, it could safely be said that they prescribed a logical method for the attainment of the end desired by the legislature, but they are of far greater scope. The provision for the submission by the State Highway Commission of a budget to the legislature refers to a budget which comprehends proposed expenditures by the commission from any and all statutory funds available for new construction and reconstruction and detailed program of all highways to be constructed or reconstructed without regard to the sources of the payments thereof.

PART OF BILL INVALID

"From this analysis of the last three paragraphs of the bill it is to me manifest that they are concerned with subject matter not cognate to the field covered by the existing statute, that they have been enacted as separate legislation, and that they must be held to be invalid as violative of the constitutional provision that an act embrace but one subject. The provisions, in said paragraphs are so related and inter-de-

"I'm Old"

Don't say it—gland secretions change all conditions now.

This is to people who are aging long before their time. To ailing people who lack vim and strength. To the millions who are under par.

A way has been found to stimulate the liver. The only way. It is found that drugs don't do that. But ox-gall does. That is a liver secretion. It is bringing to countless people such results as nothing else has brought.

Torpid liver causes many of our troubles. That means scant bile. Then toxins form in the intestines. Those poisons permeate the blood and cause such results as these:

Indigestion, heart and kidney troubles, constipation, impure blood, high blood pressure, bad complexions, lack of youth.

Medical men for generations have thought that cathartics made the liver active. Now we know they don't. No drug can stimulate the liver. The results that we sought were impossible.

But gland study has developed this fact: Ox-gall, a gland secretion does stimulate the liver. Every clinical test has proved that. It does far more than we ever thought drugs would do. It is bringing to millions of people new life and new hope which they despaired of getting.

Now ox-gall is supplied in tablet form. The name is Dioxol, and all druggists have it. Each tablet contains 10 drops of purified ox-gall.

We ask you to learn what it does. See what an active liver can do, the largest gland in the body. The test is free. Just send this coupon for it. Results will start in 24 hours. In a week you will realize that this discovery brings you priceless benefits. Clip coupon now.
